

## TWO GOVERNORS TAKE OATH

HODGES IN KANSAS AND MAJOR IN MISSOURI INAUGURATED.

Both Executives Greeted With Cheers by Large Audiences—A Parade in Kansas.

Topeka, Kan.—George H. Hodges of Olathe, the first Democrat to occupy the governor's office in Kansas since Governor Glick went in in 1883, was inaugurated at noon. The ceremonies were held in Representative Hall in the presence of the largest crowd Kansas has had at an inaugural in many years.

The actual inaugural time was preceded by the first inaugural parade Kansas ever had. Hereofore the inaugural ceremonies were held with the utmost simplicity.

In the carriages were the old and new officers of the state and the leaders of the Republican and Democratic campaigns. There really were not many new officers to be inaugurated. Governor Hodges, Earl Akers, treasurer; Sheffield Ingalls, lieutenant governor, and W. D. Ross, superintendent of public instruction, were the only new men to be sworn in at this time.

Henry F. Mason, associate justice of the supreme court, administered the oath of office. W. A. Johnston, chief justice, and R. A. Burch, ranking associate justice, both had to take the oath at the beginning of new terms, so Justice Mason, the third eldest member of the court, was selected to give the oaths for all the officers.

### Major Inaugurated.

Jefferson City, Mo.—A crowd which made state officials fear for the temporary capitol of Missouri jammed the hall of the house of representatives at noon to witness the inauguration of Elliott W. Major as governor of Missouri, and with him the other officers chosen at the last election.

Because of the limited capacity of the hall admission was by ticket, and those who were not favored with the tickets, but wished to catch a glimpse of the ceremony, stood outside in the cold. To them, after the formal ceremony inside, Governor Major promised to make a short address.

Governor Hadley pushed a way through the crowd around the rostrum to make the way for the new governor. It was 12:15 o'clock when the oath of office was administered to Mr. Major by Chief Justice Lamm.

## JUDGE ARCHBALD IMPEACHED

The Commerce Court Official Found Guilty by Senate on Four Charges.

Washington, D. C.—A verdict of guilty was voted by the senate on the first impeachment charge against Judge Robert W. Archbald of the commerce court, that he had wrongfully influenced Erie Railroad officials to grant him an option on the Katydid culm dump.

The senate's conviction removes Judge Archbald from the federal bench without further procedure. Congress has appropriated for the commerce court only until March 4 and if a successor to the deposed jurist is to be appointed, Chief Justice White will assign one of the circuit judges to the commerce court and President Taft will nominate a successor to that circuit judge.

The vote on the first count was 68 against Judge Archbald and five in his favor. The senate then proceeded to vote on the other 12 articles of the impeachment.

The votes on the other counts were:  
Second, not guilty, 45 to 25.  
Third, guilty, 60 to 11.  
Fourth, guilty, 62 to 20.  
Fifth, guilty 68 to 6.  
Sixth, not guilty, 45 to 24.  
Seventh, not guilty, 36 to 29.  
Eighth, not guilty, 42 to 22.

### A Tub of Rosewater.

The small son of Victor Rosewater was desirous of sailing boats in the bathtub of the Rosewater home.

"You cannot," said Mrs. Rosewater. "Father is taking a bath just now."

"Why is father taking a bath?" demanded the boy.

"Why do you take a bath?" countered Mrs. Rosewater.

"Because I have to," replied the son. —Saturday Evening Post.

### Words of the Aviator.

"So you took a flyer in the stock market?"

"Yes," answered the regretful-looking man, "and hit an air pocket."

Fully two-thirds of what the average man says is of no consequence.

If you want a man to deliver the goods, employ one who doesn't talk.

### Suffer From Plague of Rats.

A "piped piper of Hamelin" is needed at Santa Paula, Cal. Thousands of rats, and all big wood rats, have invaded the place, and the situation is such that women are afraid to go to church. The rats seem to have a preference for churches and on several occasions have forced the feminine attendance at services to take to the high benches. The city authorities are seeking means to abate the pest. The rats are believed to have been driven out of the woods by recent fires in the forests.

# Invalid Men and Women

I will give you FREE a sample of Dr. Pierce's Pleasant Pellets that have brought health and happiness to thousands—also a book on any chronic disease requested.

During many years of practice I have used numerous combinations of curative medicines for liver ills. I have kept a record of the result in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results.

But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery" a blood medicine without alcohol or other injurious ingredients.

## Nature's Way Is The Best

Buried deep in our American forest we find bloodroot, queen's root, mandrake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "GOLDEN MEDICAL DISCOVERY." This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require.

Dr. Pierce's Golden Medical Discovery has the endorsement of many thousands that it has cured them of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

"In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the 'Golden Medical Discovery' is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The 'Discovery' is not so good for acute coughs arising from sudden colds, nor must it be

expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken."
